

GUTHI MANEENDRA

+91 6304053870 - maneendraguthi@gmail.com - [GuthiManeendra](https://www.linkedin.com/in/guthi-maneendra/)

CAREER OBJECTIVE

Motivated and detail-oriented Computer Science graduate with a strong foundation in software development, front-end and back-end technologies, and database management. Skilled in writing clean, efficient, and maintainable code while following modern development practices. Possesses strong analytical and problem-solving abilities with a willingness to learn and adapt quickly in dynamic environments. Seeking an entry-level software developer role to contribute to real-world projects, collaborate with cross-functional teams, and continuously enhance technical and professional skills.

PROJECTS

• Travel Booking Application

Developed a responsive front-end Travel Booking Application using React that allows users to register, authenticate, search, and book travel destinations. Implemented secure token-based authentication and authorization to protect user data and booking workflows. Enabled users to select start and end dates for travel bookings, ensuring accurate reservation management. Built an Admin Dashboard to manage bookings, view registered users, and monitor overall booking activity. Focused on reusable component design, efficient state management using React hooks, and a seamless user experience.

Tools & Technologies Used: React, JavaScript, HTML5, CSS3, Bootstrap

TECHNICAL SKILLS

Front-end: HTML5, CSS3, JavaScript (ES5/ES6+)

Libraries / Frameworks: Bootstrap 5, Tailwind CSS, ReactJS, Redux

Backend: Python

Database: SQL

Version Control Tools: Git, GitHub

TECHNICAL SKILLS SUMMARY

- **HTML5:** Semantic elements, form handling and validation, multimedia integration, accessibility basics, Web Storage (LocalStorage, SessionStorage), and basic Geolocation API usage.
- **CSS3:** Responsive design principles, Flexbox, Grid layout, media queries, box model, positioning, transitions, transformations, and cross-browser compatibility.
- **JavaScript (ES5/ES6+):** Variables and scope, functions, arrays and objects, DOM manipulation, event handling, form validation, asynchronous programming (promises, async/await), JSON handling, and browser APIs.
- **ReactJS & Redux:** Component-based architecture, JSX, props and state management, React hooks (useState, useEffect), conditional and list rendering, reusable components, Redux store, actions, reducers, and unidirectional data flow.
- **Python:** Object-oriented programming concepts (OOP), classes and objects, inheritance, polymorphism, encapsulation, abstraction, exception handling, built-in data structures (list, tuple, set, dictionary), basic multithreading and multiprocessing concepts, asynchronous programming, and database connectivity using Python DB-API.
- **Git & GitHub:** Repository management, branching and merging, commit history, pull requests, resolving merge conflicts, and collaborative workflows.

EDUCATION

B.Tech – Computer Science and Engineering

Visvodaya Engineering College, Kavali, Andhra Pradesh

2021 – 2025

CGPA: 7.0

Intermediate

Vignana Bharathi Junior College, Chirala, Andhra Pradesh

2019 – 2021

Percentage: 74%

SSC

Vignana Bharathi High School, Chirala, Andhra Pradesh

2019

GPA: 9.0 / 10.0

CERTIFICATIONS

- EXCELR Raising Intelligence – Python Full Stack Development Certification
- NPTEL – Cloud Computing Certification

SOFT SKILLS

- Teamwork and collaboration in cross-functional team environments.
- Strong problem-solving and critical thinking skills for technical challenges.
- Self-motivated, adaptable, and quick to learn in dynamic and fast-paced environments.

DECLARATION

I hereby declare that the details mentioned in this resume are true and accurate to the best of my knowledge. I take full responsibility for the correctness of the information provided.

G.Maneendra
